

During his 25+ years in private practice, Dr. Oliva has performed numerous procedures involving all phases of foot surgery. He received his Doctorate in Podiatric Medicine from the New York College of Podiatric Medicine in 1987 and returned to Miami to specialize in Foot Surgery. In 1989, Dr. Oliva joined the Staff of Mercy Hospital and currently holds a rank of Senior Attending in the Division of Podiatry. During his tenure as Chief of Podiatric Surgery from 1998-2004, Dr. Oliva was an integral part of various surgical training programs for Podiatry Residents pursuing their studies in podiatric medicine and foot surgery. As part of his mission statement, Dr. Oliva has donated hundreds of hours to the "REACH OUT MIAMI" Foundation and the Saint John Bosco Clinic.

Using all his extensive medical / podiatric related knowledge, Dr. Oliva is now focusing on providing new non-invasive treatments using Stem Cell Therapy and Ortho-Biological products in the realm of Regenerative Medicine, in order to successfully treat foot problems using state-of-the-art technology at our Miami Stem Cell Institute in his hometown of Miami, Florida where he graduated from the prestigious Belen Jesuit Preparatory School.
